

# Comprehensive Security for Government Facilities

**GSA** Contract Holder

## Secure Buildings

As a General Services Administration (GSA) Schedule holder, Sonitrol can work with you to implement electronic security solutions for your facilities at the lowest negotiated fixed price. When it comes to protecting and securing your buildings, assets, employees, as well as the public, Sonitrol has the right solutions to meet your requirements.

## Complete Protection

- Activation of alarm transmits live audio to Sonitrol's Central Station providing real-time information to responding authorities.
- By controlling door access, Sonitrol limits liability and ensures the safety of visitors and employees.
- Sonitrol can monitor movement indoors and outdoors with CCTV. This deters violence, theft, damage or destruction of equipment and property, and discourages vandalism.

## The Right Choice

Audio intrusion detection, managed access control, video surveillance, fire detection, 24/7 monitoring... Sonitrol has you covered.

Sonitrol GSA Contract # GS-07F-9298S

### The Leader in Verified Electronic Security

- Intrusion Alarm
- Access Control
- Video Surveillance
- Fire Detection

### Key Statistics:

- Sonitrol has assisted law enforcement in apprehending 187,000 criminals to date
- Sonitrol provides security services through over 150 authorized dealers throughout the United States

## Why Government Facilities Use Sonitrol

- **Industry Expertise** – You need someone you can trust. Sonitrol has provided integrated electronic security solutions to Federal, State, County, and City agencies nationwide for over 40 years.
- **Innovative Technology** – Sonitrol's state-of-the-art audio detection technology is superior to anything on the market today. Complimented with managed access control, video, and fire protection, Sonitrol can offer a full suite of security protection.
- **Proven results** – No one can match Sonitrol's results; the numbers speak for themselves. Criminals apprehended: 187,000 and climbing.

## Sonitrol Performance Guarantee

No other security provider will match Sonitrol's Performance Guarantee:

- **\$10,000 Performance Warranty** – Sonitrol will pay for the first \$10,000 of any loss if a forced entry is not detected and the proper authority is not notified..
- **Unconditional Satisfaction Guarantee** – Sonitrol will refund your installation fee and remove our equipment if your system fails to perform as contracted and you are dissatisfied with our service within three (3) months of the initial installation.
- **False Alarm Fine Guarantee** – If you receive a false alarm fine dispatched by Sonitrol and not caused by your personnel, Sonitrol will assist in canceling the fee or credit your account for the fine.
- **Emergency Service Guarantee** – Within our service area, Sonitrol guarantees the on-site arrival of a service technician within four (4) hours from the time of your request.

## One Simple Log-In

Anywhere, anytime access to all of your key security functions – all from a standard web browser. Just type in *mySonitrol.com*, and you can monitor all of your connected facilities.

- **Intrusion Detection** – View alarm messages and statistics specific to your burglary system.
- **Online Access Control** – Manage your users and their permissions or view your access control configuration.
- **Video** – NDAA Compliant; access live video feeds from any web browser or receive video clips via email with SonaVision.
- **Fire** – Review alarm history and key parameters specific to your fire system.
- **Real-time Reporting** – Get reports when you want them or scheduled to run automatically.

## Sonitrol Services

### Intrusion Alarm

Sonitrol detects the intrusion early and can often prevent break-ins before they occur

### Video Surveillance

Stop break-ins by leveraging the power of NDAA compliant video surveillance to see criminal activities

### Access Control

Stop re-keying locks – take control of who accesses your location

### Fire Detection

Around the clock monitoring of smoke and heat detectors, sprinkler systems, and pull stations
